

Gulf Select

DIESEL EGR

& INDUCTION SYSTEM CLEANER

#GS620

Product Description

Gulf Select EGR System Cleaner – Removes hardened deposits from EGR and Induction System. These carbon deposits can negatively affect the performance of an engine.

If the **ERG** gets clogged with carbon, it will cause problems with performance such as loss of power, poor idling and excessive smoke.

Gulf Select EGR System Cleaner is formulated with powerful cleaners that help dissolve carbon build-up, restoring fuel economy and overall performance. Apply **Gulf Select EGR Cleaner** using approved tools. Do not add to fuel tank.

Features and Benefits

- Removes carbon build up from EGR System
- Cleans DPF and Reduces Regeneration Cycles
- Improves performance and fuel economy
- Lowers Emissions and Smooths rough idle

DIESEL SYSTEM SERVICE KIT
