

# Gulf Select

## **DIESEL FORCE FUEL TREATMENT**

### **#GS660**

#### **Product Description**

**Gulf Select Diesel Fuel Treatment** is an effective method of maintaining diesel performance. Not only does it eliminate water without the use of alcohols, it also improves combustion for better fuel economy, lower emissions and increased power.

#### **Features and Benefits**

- Inhibits corrosion
- Prevents fuel freeze in cold weather
- Improved cold weather starting performance
- Improves fuel combustion for better fuel economy
- Disperses its own volume in water without the use of harmful alcohols
- Acts as an effective stability agent by reducing oxidation and preventing breakdown through reactions with water

**Directions:** Add to fuel tank when refueling. One bottle treats 20 to 40 gallons of diesel fuel. To maintain peak performance, use **Gulf Select Diesel Force Fuel Treatment** whenever you refuel.
